

Hello, I'm the brother of Dr. Antonia Gorog, a board member of Health In Harmony and the conservation director for the program HIH supports in Indonesia. On June 28th , we will be holding a **fundraiser** to help **Health In Harmony** acquire an **ambulance** for their health clinic in rural **Borneo, Indonesia**. We are raising **\$50,000** to make a world of difference to the community served by HIH. As an active donor for HIH, we are reaching out to you for this incredibly important cause, and hope that you can help us with whatever contribution is within your limits.

We decided that as a great way to provide more information, have fun, and create a strong incentive for all of us to give, we would "sell off" parts of the ambulance. We are currently developing a list of all the parts and suggested donation levels to become the proud owner (NASCAR-sponsorship-style!) of part of the first HIH ambulance. We are starting now with reaching out to you and we will follow up shortly with the parts list and any public donations we can highlight. To top it off, we will hold a **cocktail party** to celebrate (and reach our goal!) on **June 28th , from 6-9PM**, followed by dancing and music into the night.

All costs associated with the party are borne by Revel Industries and our beverage sponsors: Q Tonic, Robert Mondavi Winery, and Lotus Vodka. This means that every dollar you contribute goes to helping HIH, and that's what's most important to all of us.

We have attached a flyer with more event details, and hope that you will be able to join us. During the event Dr. Gorog and some of the medical volunteers from the program in Indonesia will provide more information on current events in Borneo, as well as summary information on progress at HIH. Hope to see you there (here!) and help make the ambulance a reality.

**Raw Data:**

**Where:** 865 Florida Street #5, San Francisco, CA 94110

**When:** Saturday June 28, 6-9PM followed by music into the night

**What:** Fundraiser for HIH Ambulance

**Who:** Everyone who loves and supports HIH

**Why:** How can we help the people of Borneo as well as the forests? Today it starts with an ambulance to help the community, and ultimately it leads to reductions in deforestation and illegal logging. It starts with you.

**Please RSVP for the fundraiser event to Dr. Gorog - [antonia.gorog@gmail.com](mailto:antonia.gorog@gmail.com).**

Sincerely,  
Chris Gorog

Help  
Us Build A  
Much-Needed...  
**AMBULANCE**

# Fundraiser for Health In Harmony

June 28, 865 Florida St. #5, San Francisco, 6-9 p.m. cocktail hour, DJs til 2 a.m.

Donations help cover cost of ambulance, including:

**Stretcher!**

**Defibrillator!**

**Medicine!**

Come party and help us raise the money we need to purchase this ambulance, which will serve locals in remote Borneo, Indonesia.

TOOLS PROVIDED BY

**FEVEL INDUSTRIES**

 **ZWEIBAR**
